Fire Prevention Day October 9.

President Harding has issued a proclamation fixing October 9th as Fire Prevention Day to be generally observed throughout the country.

October 9th has for some years been observed as Fire Prevention Day, the anniversary of the Great Chicago fire of 1871. With increasing fire losses which in the past few years have averaged 15,000 lives and \$350,000,000 of property in the United States the necessity of fire prevention every day in the year has been more and more forcibly emphasized. But in addition to uninterrupted work throughout the year, concerted extensive campaigns are necessary to bring the importance of fire protection before the public.

The aim of Fire Prevention Day is to bring to the people a realization of two fundamental facts: that the fire loss is everybody's loss and everybody's responsibility and that the great majority of fires are preventable through the exercise of ordinary carelessness. All features of Fire Prevention Day observance should emphasize these facts. It is because these fundamentals are not commonly realized that fire losses are so enormous and it will be only when fire prevention education brings a general realization that losses of life and property can be measurably reduced.

Automobiles Turn Turtle.

Mrs. Sara Stock, Baltimore street, has received word that her son-in-law, Michael Flynn, of Mt. Carmel, was painfully injured in an automobile accident on Monday. Mr. Flynn who is a civil engineer, was a member of a board of bridge inspectors who were returning from an inspection, when their car got beyond control on a steep hill and turned over. Mr. Flynn's right arm was broken in two places and his lower lip was severely lacerated.

On Friday evening while Monroe Allemen, of Littlestown, and five friends from Hanover, were on their way to Aspers to a dance, the sedan, driven by Mr. Allemen, struck a concrete culvert between Flora Dale and Bendersville, and turned turtle. Nearly every pane of glass in the sedan was shattered, the top was torn off and the wheels crushed, but the occupants were so fortunate as to escape with slight cuts and bruises, except one young lady who sustained a broken arm.

Fire Fighting Apparatus Ordered.

A contract has been made by the Fire Company, Borough Council and Chamber of Commerce with the American La France Fire Truck Company for a combination water and chemical machine capable of throwing 350 gallons of water a minute, a 40 gallon chemical tank, 1000 feet of 2 1/2 inch hose and four ladders, and complete with smaller tools and apparatus. The contract price is \$6400. The fund has reached \$5000 and it is expected will be fully subscribed. The new machine is expected to be here about the middle of December. The new equipment will include electric sirens. Two were sent and tested this week but proved inadequate and have been returned for two larger ones.

HOT SHOTS FROM McSPARRAN

CAMPAIGN ISSUES MADE PLAIN BY STRAIGHTFORWARD TALK.

John A. McSparran Will be in Gettysburg on Farmers' Day. Be Sure to Hear Him.

John A. McSparran, Democratic candidate for Governor of Pennsylvania at the general election in November, will be in Gettysburg on Thursday, Oct. 19, Farmers' Day.

Every voter will want to see him and hear him for he is handing out hot shots with ability in this campaign. Among other things said by him last week:

"Whether we realize it or not, we are all members of a gigantic corporation handling something like \$50,000,000 a year. And for the last three years the stockholders have had no report of what has been done with the money. That is sufficient evidence there is something wrong with the administration of affairs in the corporation we call the Commonwealth of Pennsylvania. The business of that corporation is not being handled satisfactorily. Where is the private business enterprise whose stockholders would permit a three-year period to elapse without receiving a report?"

The Democratic standard-bearer went briefly into the policy of centralization that has grown up around Harrisburg. He referred particularly to the Department of Health and the Department of Public Instruction. "The chief reason for this policy of centralization," he declared, "is to bolster up a political machine."

Mr. McSparran compared government and its cost in Pennsylvania with other States where the minority party is generally called upon to take over the reins whenever the majority party fails. Ohio, New York and other States produce better and cheaper government than Pennsylvania, he stated, because those Commonwealths turn out the party in power just as soon as it shows signs of ruining public affairs for private plunder.

Touching the Highway Department for a few minutes, Mr. McSparran told how it costs Pennsylvania nearly twice as much as New York and Ohio to build roads. This despite the fact that Pennsylvania is rich in all the materials that go into highway construction.

Conditions have come to such a pass that taxpayers are being called upon to meet the highest imposts in the history of the State. He pointed out that in many communities of the State there is a levy of 87 1/2 mills in addition to the per capita tax.

McSparran took a fling at the Republican organization for its failure to provide the voters with a platform in order that they might pass intelligently upon the issues of the campaign. "One reason why they have no platform," he stated, "is because there is nothing in the achievements of administration of which they are proud."

"Pinchot says he doesn't know whether he is for or against Financism. There is nothing mysterious about Financism in this State. Any man or woman with common sense knows what it is. And yet Mr. Pinchot says he hasn't made up his mind whether he is for or against it."

"Pinchot took a \$3000 grab," said McSparran, "but he says he did it to help others in the Forestry Department, and for that reason he is not a thief. Governor Sproul took down \$1500 for offering his resignation in the Senate. He said he gave the money to charity and therefore he is not a thief. Beidelman took his \$1500 for offering his resignation, and, like Sproul, explained he gave it to charity and therefore he is not a thief."

Their explanation solves the problem for communities contemplating the building of a church or other commendable enterprise. All they have to do is send a highwayman to the bank, steal as much money as is needed and instead of committing a crime they will be heralded as philanthropists.

"This is a fine condition of affairs in Pennsylvania."

Inspection of School Children.

Medical inspection of school children by the State Health Department authorities started this week in many districts in the county. While the examination will largely disclose defects of eyes, ears, teeth and tonsils, yet all troubles discovered will be called to the attention of parents.

Dr. Crist will make the inspection in the schools of town. He will be assisted by Miss Kate Briel, State Nurse. Other doctors in the county appointed to make the examinations in their respective districts are Dr. Ira Henderson, of Fairfield; Dr. George H. Seaks, of New Oxford; Dr. Albert Woerner, of Cashtown; Dr. W. E. Wolff, of Arendtsville; Dr. C. L. Myers, of York Springs; Dr. Eugene Elgin, of East Berlin; Dr. W. F. Hollinger, of Abbottstown; Dr. George L. Rice, of McSherrystown, and Dr. H. E. Gettier, of Littlestown.

THE FIREMEN'S PICNIC

At Mt. Rock Cleared Over \$1000.—Next Picnic at Gettysburg.

The regular quarterly meeting of the Adams County Firemen's Association was held at Mount Rock on Monday evening with a large representation from all the companies in the county.

James B. Aumen, of Gettysburg, President of the association, was in the chair. The meeting opened with prayer by the Chaplain, Rev. P. J. Sullivan, of Fairfield. The address of welcome was made by H. J. Adams, of the Mount Rock Company, and responded to by Rev. Sullivan.

George Felix, of McSherrystown, chairman of the first picnic, under auspices of the association, held in Witmer's Park, on Labor Day, presented his report. The gross receipts were \$2645.85, with expenses of \$1622.55, leaving a net balance of \$1023.35. A vote of thanks was extended the chairman and the members of his committee for their arduous work which resulted in such a big success of the first venture.

The price for Witmer's picnic grounds being considered too high, Gettysburg was selected as the place for holding the second annual picnic on Labor Day, the first Monday of September, 1923.

The bond of the Treasurer, Dr. Eugene Elgin, of East Berlin, was approved.

The next quarterly meeting of the association will be held in Littlestown the first Monday of January, 1923.

The association decided to tender a complimentary banquet and dance to the ladies who assisted at the recent picnic, and a check of a liberal amount was granted to George Felix, the chairman, who was authorized to make the necessary arrangements. The affair will be held in the near future in St. Mary's Hall, McSherrystown.

The following resolution was unanimously adopted:

"Be it resolved, That the Adams County Firemen's Association, in session at Mount Rock, hereby tender to the Rev. Dr. L. Aug. Reuter, of McSherrystown, also to the ladies, and all those who assisted in making our first annual picnic in McSherrystown on Monday, Sept. 4, 1922, a grand success, our sincere appreciation for the services they rendered."

Farmers' Day October 19.

Banners with above announcement 18 inches high and 18 feet long have been suspended across the four main streets of the town.

All the bands in the county have been invited to be present, including the college organization and it looks as though there will be plenty of music.

Other entertainment features are being provided. Colta and Colta, magicians, have been secured and will give exhibitions at the Playground. It is likely a slack wire walker will be added to the list of entertainers.

At a meeting of the committee in charge, it was unanimously decided to refuse all concessions for games of chance, as had been asked for, and all such will be barred from the Playground and encouragement has been extended for all games of skill. 600 ribbons will be awarded to the prize winning exhibits in the divisions of farm and orchard products, live stock and poultry.

Judges for the exhibits are being secured from State College. The premium list is being prepared and will be made public next week.

The Home Service Committee of the Adams County Red Cross have decided to have a Better Baby contest on Farmers' Day. Two tents will be erected on the Playground, one for the babies and the other as a rest room for the mothers. This work will be in charge of Mrs. Wm. A. Miller, chairman of the Gettysburg Baby Clinic, Miss Briel, State Health Nurse, and Miss Grove, Gettysburg District Nurse, members of the Home Service Committee.

New Church for Gettysburg.

A new Methodist Episcopal church is under consideration and will be likely decided this coming week or at an early date. The church authorities are giving encouragement by reason of the memorial character of the town and the fact that it is a college town. The Board of Conservation and Advance have offered to bear one-third of the cost of a new church in Gettysburg provided the local congregation will take care of the other two-thirds. It is understood the offer stipulates the minimum amount which may be spent and the prospects are that the new church will cost not less than \$75,000 and not over \$90,000, making the part to be taken care of by the congregation of from \$50,000 to \$60,000. The local church would have towards their required amount the amounts that would be realized from the sale of the present church edifice and parsonage. The congregation held a meeting on Wednesday evening when the matter was presented and discussed. The membership numbers about 350. No decision was reached this week and it will be the subject of another meeting on Wednesday evening of next week.

With the advent of October milk increased in price to the consumer a cent a quart, or from 9 cents to 10 cents a quart and 6 cents a pint. Milk sold in bulk a few weeks ago at \$1.60 a 100 lbs., went up to \$1.80, and Oct. 1 to \$2.40. The extra cent of the retail price is said to be going to the farmer and there are those who say that co-operative efforts among the farmers are resulting in this increase for the farmer.

Rock Creek and the Town Fathers.

Rock Creek was the burden of consideration at the October meeting of the Town Council on Wednesday evening. The Board of Health was present to join in the deliberations. The State Health Department had called attention to the matter. The borough authorities contended that the disposal apparatus was being used at the terminus of the borough sewer and sought to blame the sewer of the County Home for the bad condition of the creek. There was but one opinion about the condition, that it is unsanitary and disgraceful. The remedy is a more serious question. A complete disposal plant would entail a large outlay and the money would not be available without a vote of the people. It was decided to ask the State Health Department to look over the situation, determine where the fault was and what should be the remedy. Among other suggestions to be considered was whether the sewer could be extended from its present terminus southward to a point beyond the Bonneauville road bridge. That solution might involve a large outlay which would be only temporary and the town would still face the problem of a modern disposal plant. The entire situation will likely be presented to the council after experts of the Health Department have made a survey.

Public Dumping Ground.

William Zinkand has donated without cost to the Borough, the old ice pond near the Oyster and Spangler plant as a dumping ground for rubbish and refuse, requiring however, that all paper must be burnt and other truck kept covered with ashes so as to keep the place slightly sanitary. This arrangement was made with Mr. Zinkand by Earl Deardorff, Health Officer.

First Woman U. S. Senator.

Mrs. W. H. Felton, of Georgia, is the first woman United States Senator, by appointment of Governor T. W. Hardwick, of that State. The appointment is to fill vacancy caused by death of Senator Thomas E. Watson, and until a successor is elected. The credit for the first woman U. S. Senator goes to the Democratic party. It is possible this appointment will only be entitled to the name and salary for a short time and before her successor will have been chosen. If the next Senate contains a woman Senator, it will be due to Democracy, for the Democratic party has nominated in Minnesota Mrs. Anna D. Olesen as their candidate and there is a vigorous campaign on in all parts of that State for her election.

Two Fire Alarms in One Day.

The Fire Department was called out twice on Saturday. In the morning, just before noon, fire broke out in a chimney on the house of Wm. Wavell, Steinwehr avenue. Some slight delay occurred in getting the truck to the fire, due to the location being reported as the house of Wm. Abell, West Middle street, instead of Wm. Wavell. Volunteers in the neighborhood kept the fire in check until the engine arrived when it was quickly extinguished. The second alarm was turned in about eight in the evening when a fire in a pile of waste paper at the home of Robert Smith, Steinwehr avenue, caused some excitement. The blaze was put out, however, before the truck, which responded at once, got there.

Country Summer Home Movement.

There is a decided movement for out of town summer homes in the country, along our highways, among our people.

The Marsh Creek Heights summer resort have added 25 acres to their holdings and now own all of the creek front on both sides of the stream from the bridge on the Emmitsburg road to the breast of the dam. It is expected that next year will see the erection of many cottages at this point.

Recently Frank B. Leshner, of Chambersburg, sold 24 lots on the south side of the Lincoln Highway and east of Caledonia and a number of cottages will be erected at that point. H. S. Brinkhoff, of Gettysburg, has bought three of the lots.

About 25 cottage sites have been leased from the State near Caledonia, and among the number are five from Gettysburg, Judge D. P. McPherson, J. L. Taylor, Charles Miller, D. J. Forney and Paul Hoffman.

But towns and cities don't become industrial and agricultural centers in that way.

For prosperity comes only through careful and conservative planning.

Foresight—and a broad vision—are necessary.

So, too, behind the local Bell service is an engineering staff whose function is planning for the future telephone needs of the community.

These engineers are just as much concerned about the present or prospective subscriber here as with anyone else in the United States. No problem is so small that it does not merit their attention and no difficulty has yet been too large for them to overcome.

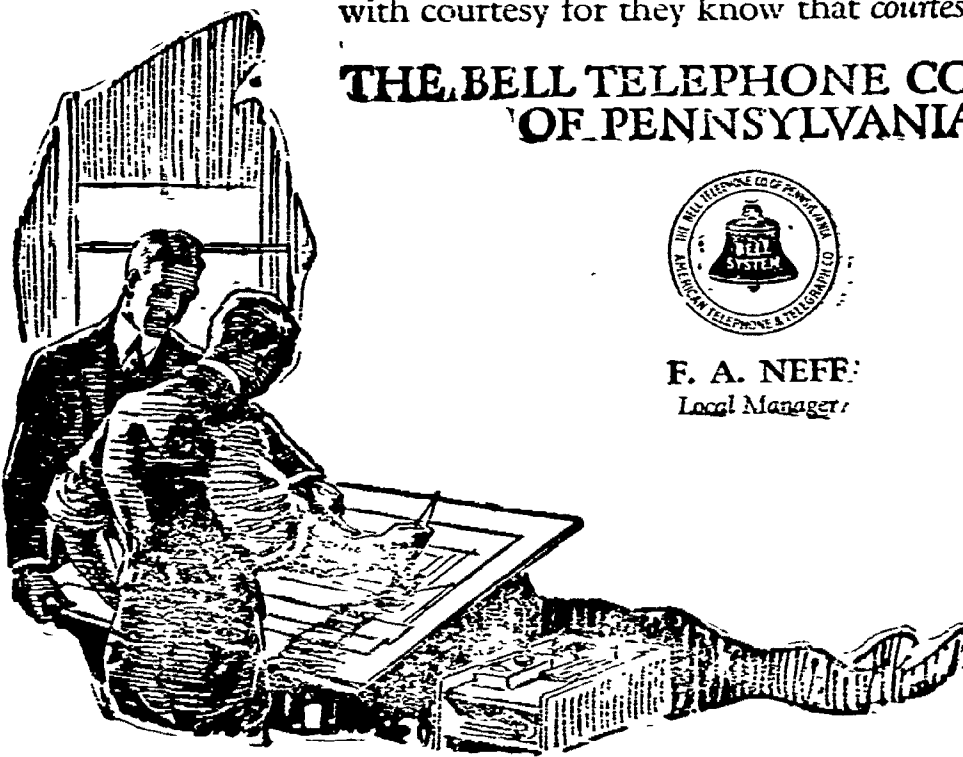

For they are members of the Bell organization.

And all Bell people have a very real interest in the community.

Their ideal is to merit the approbation of their fellow citizens whom they serve.

They aim to give the best of service and to give it with courtesy for they know that *courtesy pays*.

Haines' Policy

Haines, the Shoe Wizard Prices in many cases below what you can replace the same shoe for today

Two years ago we took all shoes that sold for \$5.98, \$6.98, \$7.98, \$8.98, and at one stroke made the price \$4.98, costing us over hundred thousand in reduction.

Mr. Haines last January, thinking prices would come down made another drop of \$1.00, making the highest price \$3.98, against the advice of his store managers and manufacturers.

Instead of prices dropping they have gone up 10 to 35c and (looks like going still higher), putting us in a bad way, for in many instances our profits no not average over 12c a pair net. Yet against this gloomy outlook, Mr. Mahlon N. Haines has decided

\$3.98 to be the highest price

DOES YOUR BACK ACHE?

It's usually a sign of sick kidneys, especially if the kidney action is disordered, passages scanty or too frequent. Don't wait for more serious troubles. Begin using Doan's Kidney Pills. Read this Gettysburg man's testimony.

John H. Waddle, 704 S. Washington St., says: "I was all out of fix six years ago with disordered kidneys. I was out a lot in damp weather and as a result had a pretty hard time of it for a while with my back. Darting pains caught me right across my hips and half the time I didn't know how I was going to get out of bed, my back was so sore and lame in the morning. My back gave out all together when I started to lift anything. My strength left me after working only a little while and my kidneys were so affected that the secretions were thick and poorly colored. I was feeling all out of trim when a druggist in York, Pa., recommended Doan's Kidney Pills to me. A couple boxes of Doan's eased up the pains in my back and restored my kidneys to normal."

MAILING LIST SERVICE

Dealing especially with local conditions, we have compiled, at great expense, an up-to-date mailing list of Adams County buyers. This list contains at least 10,000 names and is classified into automobile owners, farmers, housewives, electric light users, etc. Postage will be refunded on each name found not to be correct.

Our purpose for maintaining this mailing service is to give you the opportunity of mailing sales letters and other literature at a very low cost. You can in this way advertise your own business into every section of the county.

TYPOGRAPHY OR PRINTING.

We have one of the most complete job press outfits in our line of work in the county. Two motorized presses are always ready to turn out your letterheads, stuffers, social and business cards, and a hundred other forms. We have over forty-five different styles of type together with other modern up-to-date equipment.

Business and professional stationery to-day must show design and workmanship. We have made this our specialty and have made a special study of printing business literature and stationery through several courses sent out by large paper companies. We have received compliments from the Hammerhill Paper Company, one of the largest companies in the United States, on our work.

If you are dissatisfied with your present stationery, business, professional or social, let us send you samples of our work and make up a design that will satisfy you.

PUBLIC STENOGRAPHY.

Realizing the need for public stenographic service in Gettysburg we have organized this Department to give you efficient service at reasonable prices. Our stenographers will gladly come to your office for dictation, or you may come to us. You are given individual attention and your material is typewritten the way you would like it to be.

Business and professional men and women, who cannot employ permanent stenographers, or find time to do their own work, will find our service economical in every respect.

For those who like to do their own work in their offices, but do not have a typewriter, we rent typewriters by the hour, day, week and month. When in need of this service just call 83-Z on the C. V. Phone.
